WELCOME

Dear Colleagues,

As President of EAGE (European Association of Gastroenterology and Endoscopy) I have the pleasure to invite you to the Postgraduate Course on "Gastrointestinal and Liver Oncology" organised in cooperation with the EAGE Governing Board.

The event will take place in Rome at the Catholic University Policlinico Gemelli from 12 to 14 February 2009 and will have a strong multidisciplinary mark in order to actively involve all Italian and European experts who are dealing with patients with oncological disease of the digestive system.

The preliminary programme includes sessions on Esophagus, Stomach, Small Bowel Neoplasms, Liver, Bile Tract, Pancreas and Colon-Rectum. More than 100 Italian and European speakers have been already involved in the programme.

The structure of the event will provide participants with general concepts and specific notions (aetiology and risk factors, diagnosis and staging, clinic and therapy) on Neoplasms of digestive organs.

I look forward to meeting a great number of you in Rome.

A handwritten signature in black ink, appearing to read 'G. Gasbarrini'. The signature is fluid and cursive, with a prominent loop at the end.

Giovanni Gasbarrini
President of EAGE Postgraduate Course
on Gastrointestinal and Liver Oncology
